THERE'S AN ENSTROM PERFECT FOR YOU.

280 FX Turbo-Charged Piston

F28F Turbo-Charged Piston

Enstrom 480B Gas Turbine

The sure cure for sticker shock.

With their sleek ramp appeal, sports car-like comfort, and legendary reliability, Enstrom helicopters are sometimes mistaken for more expensive rotorcraft. The surprise is how affordable they really are. In some cases, acquisition and operating costs can be 25% less than the nearest competitor. And yet Enstroms offer wide cabins, nimble handling, and a main rotor system of matchless dependability. Looking for stunning value in a high-performance helicopter? Visit us online to find a dealer near you. **You're closer than you think to an Enstrom.**

Enstrom 480B Gas Turbine

Our mission is to make your mission easier.

Law enforcement operations are tough enough without adding a complex platform to your fleet. That's why Enstrom's versatile 480B Turbine is perfect for police missions. Its wide-cabin design creates a spacious flight deck and unrivaled visibility from the cockpit. Controls and instrumentation are pilot friendly. And NASA-developed leather seating adapts to individual pilots, reducing fatigue during long-endurance flights. The 480B also boasts acquisition and operating costs as much as 25% less than the nearest competitors. Best of all, since it was designed as an Army trainer, it's rugged, reliable, and safe. Call today or visit us online and learn how our mission can support yours.
